## ***Vote Nationally and Locally For Real Leaders***

San Franciscans care deeply about the environment, and as such we are all hopeful that the national elections may clean our government of the worst environmental Congress in memory. But the national elections aren't the only important ones: take the time to vote locally for real leaders who care about the environment and for good environmental legislation. For example, in District 6, Chris Daly has a great track record as a dynamic and passionate leader on environmental issues. Also locally, Proposition E will improve transit and reduce driving by making the tax on parking more fair. Vote for the Environment - Vote on November 7th.

### **VOTE FOR THE ENVIRONMENT NOVEMBER 7TH**

**CLEAN SLATE 2007**

#### **Governor**

Phil Angelides

#### **San Francisco Board of Supervisors**

District 6: Chris Daly\* ✓

# Make a Difference: VOTE Nov 7th

## Yes on Prop E: a Better Parking Tax

Prop E, which increases the tax at parking lots by 10%, is good for San Francisco for numerous

reasons: it reduces pollution by encouraging people to drive less; it makes our government more fair by making out-of-town car-commuters pay their share for City services; and it closes a loophole that allows valet parking to escape paying any parking tax. And if that wasn't enough - the funds raised will help MUNI! [www.livablecity.org](http://www.livablecity.org)

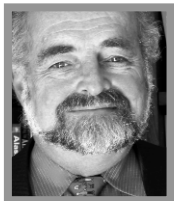

## District 6 Supervisor: Chris Daly

Chris Daly has been more than a "good vote" for the environment, he's consistently taken the lead on important issues from authoring 2003's Proposition K (funding a host of critical transit projects), to dealing with environmental justice issues like particulate exhaust from diesel buses, to improving the bicycle network, and advocating for smart development. In addition to championing these causes, he has been a vote we could count on in numerous other occasions. Chris has been a dynamic and passionate leader, and one of the finest Supervisors we've had in years. We are lucky to have him. <http://www.daly06.com>

Chris Daly

Dan Kelly

Jane Kim

Mauricio Vela

## Kelly, Kim & Vela for School Board

The SF School District has gone from a period of bad fiscal management to a period of contentiousness and strife. Clearly our children deserve better. Dan Kelly, Jane Kim, and Mauricio Vela bring a focus on community involvement and a level of professionalism our School Board needs. Vote for Dan Kelly, Jane Kim, and Mauricio Vela. <http://www.janekim.org>

## Carter, Rizzo & Wolfe for Community College Board

San Francisco City College is a large system with many opportunities for environmental improvement such as clean energy usage, green buildings, and better use of mass transit. Johnnie Carter, John Rizzo, and Bruce Wolfe are our endorsements for the Community College Board because they are the best choices to seize these opportunities. <http://www.brucewolfe.net>  
<http://www.johnrizzoforcollegeboard.com>

## Yes on 84, No on 1B, No on 85, No on 90

YES on 84 - clean, safe water for California. Three NOs: No on 1B: too much money for the unsustainable widening of freeways and too little for transit, bicycle, and pedestrian issues; No on 85: an attack on choice is an attack on family planning; NO on 90! This simple sounding measure would actually restrict government's ability to do almost any land use legislation!

## Proposition A: Yes

Schools are a critical part of our urban infrastructure, and Proposition A will provide necessary funding to modernize 64 facilities not included in 2003's school bond.

## Proposition H: Yes

San Francisco loses many low and medium income tenants during no-fault evictions because move-in costs are too high. Proposition H helps by improving relocation assistance.

San Francisco League of Conservation Voters

## About SFLCV

The all-volunteer San Francisco League of Conservation Voters

links the environmental movement with local politics. In addition to distributing the only regular environmental endorsement slate card, we lobby for environmental legislation at City Hall and promote environmental causes throughout San Francisco. <http://www.sflcv.org>
