Make a Difference: VOTE!

Protect our Water, Fix our Power

Times like these truly demonstrate the connection between global issues and local ones. Your vote for environmentally responsible leaders and initiatives makes a big difference. In addition to affecting where and how we get our water and power; the examples we set here in San Francisco are copied around the world. You have the power to make a difference and your vote is a step towards making a better place for ourselves and a safer place for our children's future. Vote for the Environment on November 5!

VOTE FOR THE ENVIRONMENT. NOVEMBER 5TH **CLEAN SLATE 2002**

Barry Hermanson

San Francisco Board of Supervisor District 4 Barry Hermanson

Also endorsed by the Sierra Club, the San Francisco Bicycle Coalition, the San Francisco Tenants Union and Walk San Francisco, Barry Hermanson supports public power, solar energy, and a transit first policy. A small businessman who believes you should not have to be rich to live in San Francisco, he spearheaded the successful drive for San Francisco's Living Wage legislation that raised the wages of nearly 20,000 low wage workers. For more info see: www.hermanson4supervisor.com.

Proposition A: Yes

San Francisco's aging water system is in dire need of repair. A major quake could knock out our water for up to two months! To make matters worse, if we don't repair it now, the state will take over, leaving us with little say in the repair projects. The best way to ensure that the water repair projects are environmentally sound is to maintain local control. Prop A will repair the system and guarantee our control, and the companion legislation, Prop E, reforms the PUC water system by adding better community input and mandating sustainable use programs. Protect and improve your water supply. Vote Yes on A and E.

Proposition D: Yes

Prop D will bring less pollution and less reliance on fossil fuels while providing lower power bills and more dependable power. Vote Yes on Prop D.

Proposition BB: Yes

As one of the Bay Area's most vital transit links, the BART system serves more than 300,000 riders each day. Proposition BB makes BART safer and better prepared to handle the next major earthquake. Join the SFLCV, the Environmental Defense, the Sierra Club, and BART Board Director Tom Radulovich and support Prop BB. Prop BB makes BART better!

Johnnie Carter

Anita Grier

Lawrence Wong

Carter, Grier & Wong for Community College Board

The San Francisco Community College system will be expanding facilities in the coming years and making numerous land use decisions that will effect our local environment. Additionally, the challenges presented by lean economic times will require a strong community college board. For these reasons, we urge you to vote for Johnnie Carter, Anita Grier & Lawrence Wong.

Superior Court Judge, Seat 10 Gail Dekreon

Our courts are where average people meet "the system", and that is why San Franciscans should elect Gail Dekreon for Superior Court Judge. Dekreon is a highly qualified attorney with experience serving as a judge pro tem. She runs her own law firm, and has both extensive trial experience and a dedication to providing pro bono legal services to people who need it. Vote for Gail Dekreon for Judge.

Gail Dekreon

BART Board, James Fang

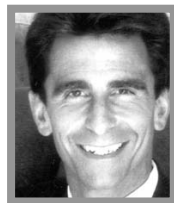

James Fang is committed to improving the core BART system before further expansion. His leadership role in BART's usage of public power, his support for transit villages, and for low/no-emission vehicles are important environmental steps for BART. Vote James Fang for BART Board.

James Fang

State Assembly, Mark Leno

Mark Leno is one of the most effective and environmentally conscious Supervisors in San Francisco. We now have the opportunity to take his progressive leadership to the state level. Vote for Mark Leno for State Assembly.

Mark Leno

Guillory, Leigh & Lipson for School Board

The San Francisco School District has been badly mismanaged over the past several years and the time has come for new leadership. With a focus on fiscal responsibility, a commitment to commercial free schools, and a sensitivity to the needs of diverse communities, Danny Guillory, Whitney Leigh & Sarah Lipson are those new leaders.

Danny Guillory
